## Shhhhhhhh..... It's a secret. Park City in the Summer.

Park City is well known as a beautiful skiing destination in the winter, but is just as beautiful as a summer oasis. Our vacation resort condos are right at the hub of all the summer activities Park City Mountain Resort offers at its base area. You will be steps away from the new Alpine Coaster, Alpine Slide, Zip Line, Kiddie Carousel, Putt-Putt golf, Climbing Wall, Children's Inflatables, Legacy Launcher, Payday Chair Lift and the famous Baja Cantina. There are even horses for trail riding that leave right from the base area for guided horseback riding tours up the mountain and through the ski area.

Moderate temperatures allow for sunning by the outdoor pool, as well as hiking or mountain biking the cool alpine trails. Sightseers and photographers alike will delight in riding the ski lift for a panoramic view of Park City's "Old Town". Attach a mountain bike to the chair lift for access to great mountain bike trails without having to pedal to the top!

If you prefer flatter terrain, rent a bike and explore the area on the nearby Rails to Trails path or around town to view famous city landmarks and historic Main Street with its bistros, bars and boutiques.

There is always plenty to do, and it is right outside your door! Park City lodging doesn't get any more awesome than this!
